WHERE RESEARCH FIND WINGS

Proposal approvals need clarity

A one-page structure supervisors scan fast.

- **Gap → Objective → Method → Feasibility**
- **Safe wording for novelty + gap**
- **Clear objectives that match method**

❏ Most people miss this: Long proposals fail when the flow is invisible.

Toolkit • Need support? support@researchedit4u.in

PROPOSAL STRUCTURE MAP

Turn a broad idea into a clean "yes"

Before & After

Before

"My topic is important. I will study it."

After

"Here is the logic: gap → objectives → method → feasibility."

Outcome: Supervisor can scan in 60 seconds.

What is inside

1

One-page flow supervisors can scan fast

2

Gap and novelty sentence patterns

3

Objective templates (measurable + aligned)

4

Mini feasibility checklist

- ☐ Most people miss this: Approval speed increases when steps are obvious.

Sample structure map (filled)

Replace blanks with your topic.

1	Context "In ____, ____ is a problem."
2	Gap "We know ____, but not ____."
3	Novelty "This study adds ____."
4	Objective 1 "To measure/estimate ____."
5	Objective 2 "To compare/understand ____."

❏ Most people miss this: A good gap is specific, not dramatic.

WHERE RESEARCH FIND WINGS

Method and feasibility at a glance

Keep it scannable and confidence-building.

Method line

Design | Sample | Tool | Analysis

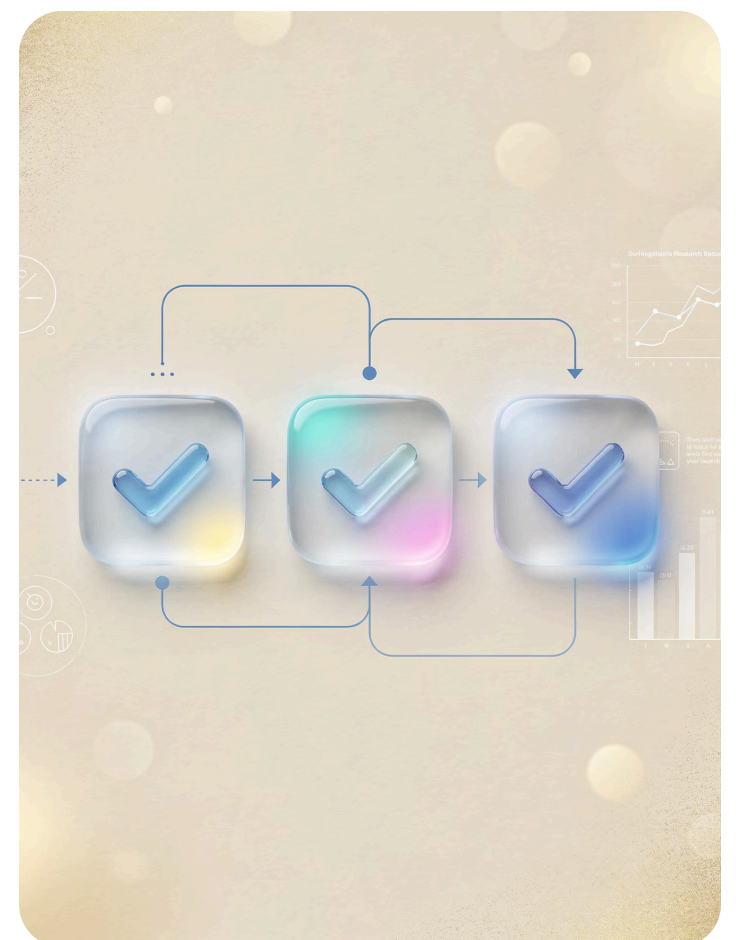

Your supervisor wants to see the essentials in one line. Show you've thought through the execution before asking for approval.

Feasibility ticks

- Access ✓
- Time ✓
- Risk plan ✓

These three checks signal that your project is realistic and ready to launch.

WHERE RESEARCH FIND WINGS

Ready to structure your proposal?

Use this map as your guide. Adapt the flow to your discipline. Keep it clear, concise, and supervisor-friendly.

Start with clarity

Write your gap before your objectives

Match method to aims

Every objective needs a method step

Show feasibility early

Address concerns before they arise

Need personalized support? support@researchedit4u.in

THANK YOU

RESEARCH PROPOSAL SUPPORT TOOLKIT

A practical support framework to help you address reviewer comments clearly, confidently, and systematically.

This toolkit helps strengthen
research problem framing • objective alignment •
proposal structure • methodology planning • literature
direction • feasibility and academic presentation

Need support for your proposal?

Send your topic, proposal idea, synopsis draft, or
research area and get a

Free sample proposal review.
